

FEATURED LUBRICANTS

ENGINE OIL

NO.1 ENGINE™ OIL		
PART NO.	GRADE	SIZE
73341699	SAE 15W-40	1 Qt./.95 L
73341700	SAE 15W-40	1 Gal./3.79 L
73341701	SAE 15W-40	2.5 Gal./9.46 L
73341702	SAE 15W-40	5 Gal./18.93 L
73341703	SAE 15W-40	30 Gal./113.6 L
73341704	SAE 15W-40	55 Gal./208.2 L
73341705	SAE 15W-40	330 Gal./1,249.2 L
73341709	SAE 10W-30	1 Qt./.95 L
73341710	SAE 10W-30	1 Gal./3.79 L
73341711	SAE 10W-30	2.5 Gal./9.46 L
73341712	SAE 10W-30	5 Gal./18.93 L
73341714	SAE 10W-30	55 Gal./208.2 L
73341715	SAE 10W-30	330 Gal./1,249.2 L

UNITEK NO.1 ENGINE™ OIL SSL (SYNTHETIC)		
PART NO.	GRADE	SIZE
73343746	SAE 0W-40	1 Gal./3.79 L
73342370	SAE 0W-40	2.5 Gal./9.46 L
73342371	SAE 0W-40	30 Gal./113.6 L
73343748	SAE 0W-40	330 Gal./1,249.2 L

UNITEK NO.1 ENGINE™ OIL SBL (SEMI-SYNTHETIC)		
PART NO.	GRADE	SIZE
73342360	SAE 10W-40	1 Qt./.95 L
73342361	SAE 10W-40	1 Gal./3.79 L
73342362	SAE 10W-40	2.5 Gal./9.46 L
73342363	SAE 10W-40	5 Gal./18.93 L
73342364	SAE 10W-40	55 Gal./208.2 L
73342365	SAE 10W-40	330 Gal./1,249.2 L

HYDRAULIC/TRANSMISSION OIL

HY-TRAN® ULTRACTION™	
PART NO.	SIZE
73341722	1 Gal./3.79 L
73341723	2.5 Gal./9.46 L
73341724	5 Gal./18.93 L
73341725	30 Gal./113.6 L
73341726	55 Gal./208.2 L
73341727	330 Gal./1,249.2 L

HY-TRAN® ULTRACTION™ SSL (SYNTHETIC)	
PART NO.	SIZE
73341730	5 Gal./18.93 L
73341731	30 Gal./113.6 L
73343828	250 Gal./946.4 L

COOLANT

ACTIFULL™ OT EXTENDED-LIFE COOLANT 50/50 PREMIX	
PART NO.	SIZE
73341738	1 Gal./3.79 L
73341739	2.5 Gal./9.46 L
73341740	55 Gal./208.2 L
73341741	275 Gal./1,041 L

ACTIFULL™ OT EXTENDED-LIFE COOLANT CONCENTRATE	
PART NO.	SIZE
73341735	1 Gal./3.79 L
73341736	55 Gal./208.19 L
73341737	275 Gal./1,041 L

ONE SET OF FLUIDS THAT PERFORMS ACROSS THE GENERATIONS.

ENGINE OIL, HYDRAULIC/TRANSMISSION OIL, AND COOLANT MADE FOR YOUR MACHINES.

PERFORMANCE. RELIABILITY. LONG LIFE. LIFEBLOODS FOR EVERY GENERATION.

Whether it's the tractor that's been in your family for generations or your farm's latest combine, this one set of fluids optimizes all of your machines. Genuine Case IH engine oils, hydraulic/transmission oils and coolants are specifically designed for performance, reliability and long life so you can keep your entire fleet running at peak performance. When you stock up on these fluids, you'll have the right products for optimal maintenance.

NO.1 ENGINE™ OIL

In April 2013, Case IH released its current SAE 15W-40 oil for use in Tier 4 and prior engines with a CJ-4 designation. Almost 4 years later, CK-4 requirements were released and the same formula used since 2013 surpassed all the requirements of CK-4 and has become among the first oils on the market to carry the new designation. Today, our 15W-40 engine oil still meets the needs of Tier 4 diesel engines – which are more efficient and powerful than ever before. New technologies that run at hotter temperatures and higher pressures, along with fuel economy requirements and stricter greenhouse gas standards, require higher performance engine oils. And **Case IH continues to produce oils that exceed industry specifications** – providing you with lubricants several years ahead of the technology curve.

No.1 Engine Oil:

- Has a formulation that stands up to higher heat
- Maintains lubricity, even with ultra-low sulfur diesel fuel
- Is compatible with all diesel-powered equipment

HY-TRAN® ULTRACTION™ HYDRAULIC/TRANSMISSION OIL

As Case IH machinery advances, so do the products that support it. When we introduced continuous variable transmission (CVT) to our lineup, Hy-Tran Ultraction hydraulic/transmission oil was redesigned for higher levels of shear tolerance, responsive performance and to maintain its properties under extremely high pressures and loads. Hy-Tran Ultraction is now a multi-viscosity, zinc-free fluid and maintains consistent power-transmitting qualities across a wide range of operating temperatures, yet still holds on to the features that make it the **industry leader for all of your machines.**

Hy-Tran Ultraction:

- Touts the industry's highest level of water tolerance, which prevents additive fall-out
- Has superior load carrying capabilities
- Protects against corrosion and gear surface pitting
- Maximizes the efficiency and life of all your machines
- Has zinc-free formula additives that prevent corrosion against the transmission's soft metals

ACTIFULL™ OT EXTENDED-LIFE COOLANT HEAVY-DUTY OAT COOLANT/ANTIFREEZE

Emissions requirements continue to be stricter, and Case IH Efficient Power engines **continue to exceed expectations** with SCR-only technology. Tier 4B emissions require higher combustion temperatures and cylinder pressures. That's why Case IH has developed coolant that resists deposit buildup and other issues that can occur in extreme conditions. Actifull OT Extended-Life Coolant delivers full protection in all engines including Case IH Tier 4B machines.

Actifull OT Extended-Life Coolant:

- Delivers maximum protection for all engines – from legacy engines to the latest EPA-regulated engines*
- Keeps cool in higher combustion temperatures and cylinder pressures

**Conventional nitrate coolant systems need to be flushed three times prior to fill.*
