AWARDS

Scholarship awards are currently \$1,500 per recipient, per school year; NDIDA will contribute \$1,000, provided the dealer contributes \$500. The intent of this scholarship is to provide dealer training funds and is not to be offered for other general purposes.

Applications for the school year must be made in writing by filling out the NDIDA Scholarship Application Form and submitting it to NDIDA. If applications exceed available funds, scholarship awards will be made by random drawing.

Scholarships will be awarded to eligible applicants who are sponsored by North Dakota dealer members (see Eligibility). Dealer groups headquartered in North Dakota may sponsor up to two students for their group's out-of-state locations (not two scholarships for EACH out-of-state location).

Scholarship awards are renewable for the second and subsequent years of the student's educational program, provided the student remains eligible and the dealer approves the renewal. Students must submit a new application for all scholarship renewals (see Process). Scholarships may be renewed once for students pursuing an associate's degree or three times for students pursuing a bachelor's degree.

Scholarship funds will be submitted to the school and applied directly to the student's tuition. Dealer contributions must be received by NDIDA before the full award will be applied to the student's tuition. Scholarship funds will be divided equally among the semesters or quarters to be attended during a given school year. Any breach of enrollment in the eligibility requirements of this program or other unsatisfactory performance in the course of the student's studies will result in the immediate cessation of aid and any remaining scholarship funds will be forfeited by the student.
